

ÂTARDES DE ZEUS

Papiliones aut pisces, homines stulti sunt.

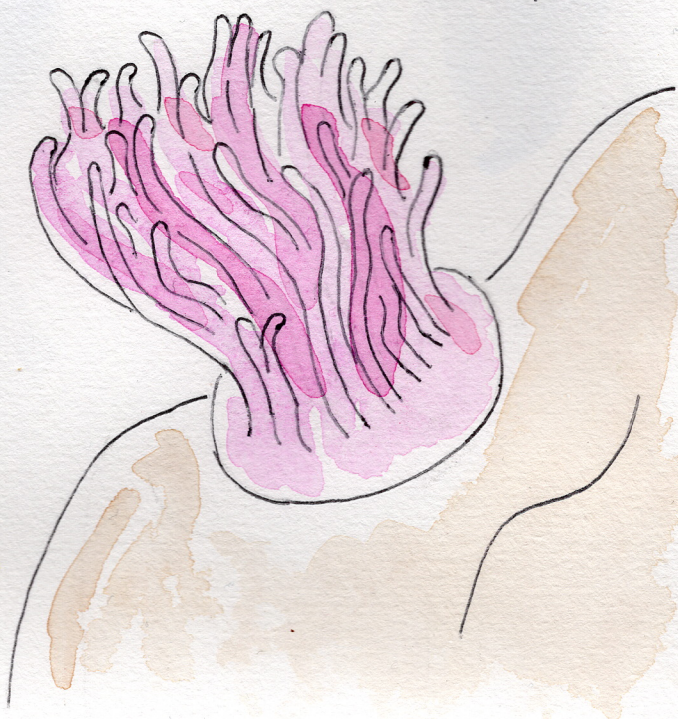

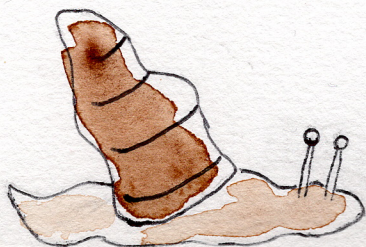

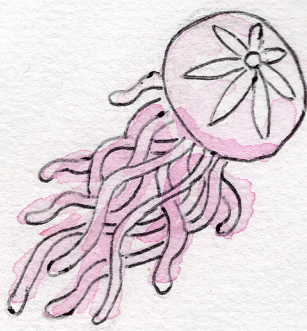

Ad lucem volant vel merguntur per fluctus

Vado cursu fluminis. In gurgitem aetas abit.

Cedit solum buccinum vexilli amicum.

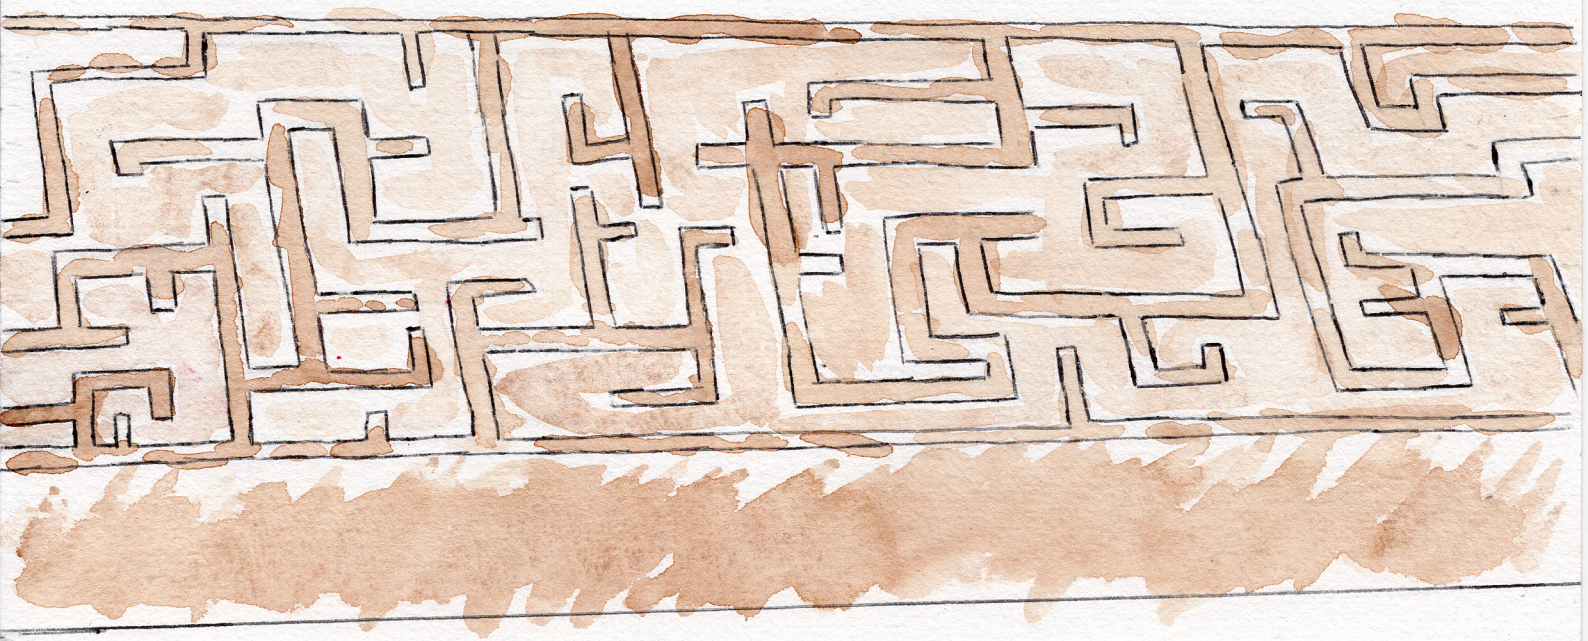

Cum pellis ursae venditur, capsula certo pletur

Sed cum vitae bestia deest, frangi aetas.

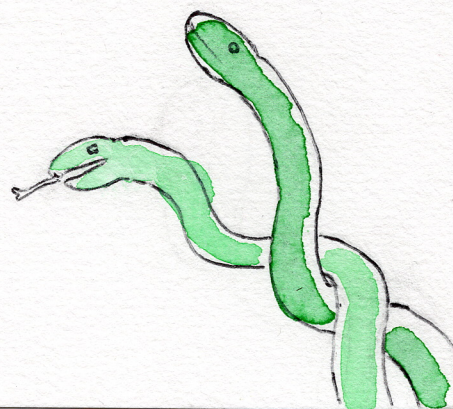

Sole eo sub flagranti, inde lacertae solum
deledant combustas despici plantas!

In Saxum mutari quam in parvam cochleare.
Marmorea statua, tempus deposcam, celsa!

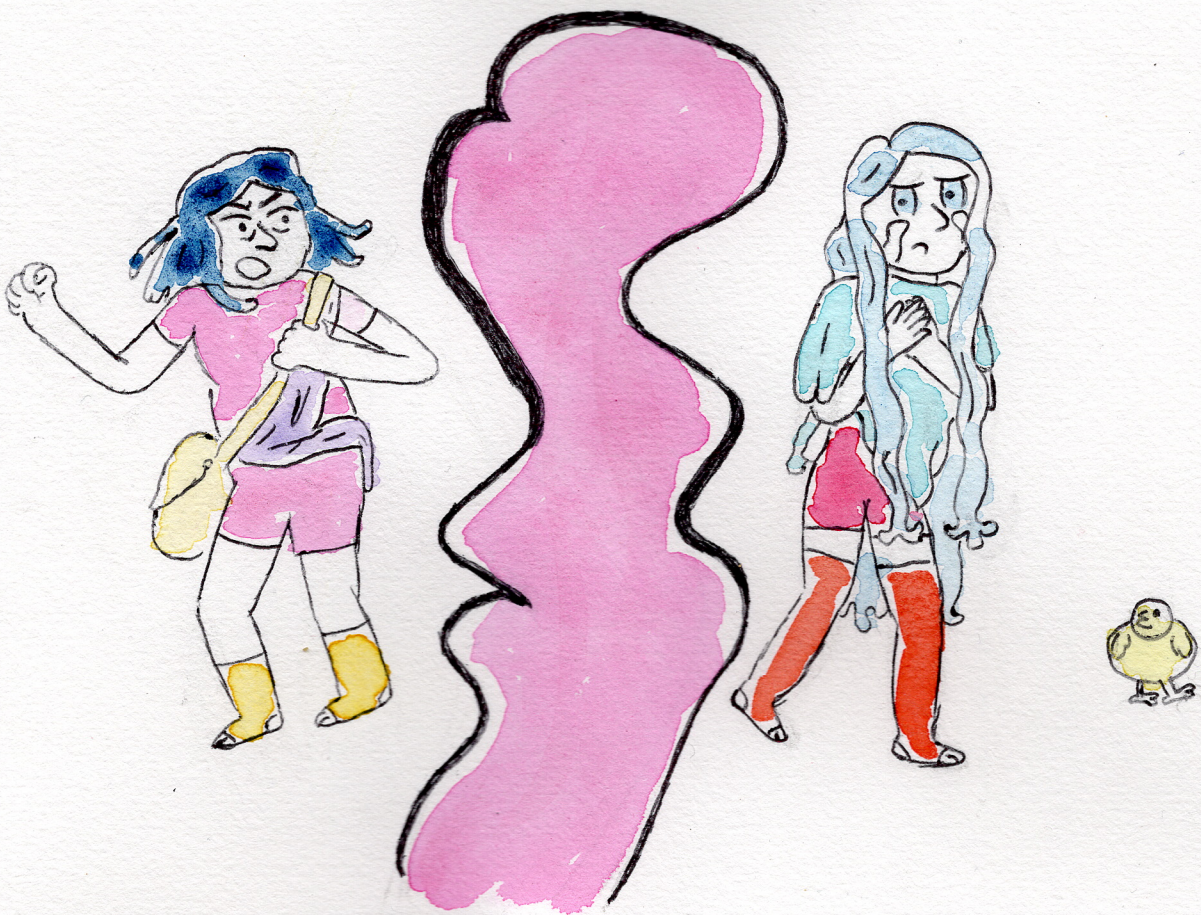

Paulum vini, est satis dividiam ut expellas,
contra ut eradices eam, ebibe multo!

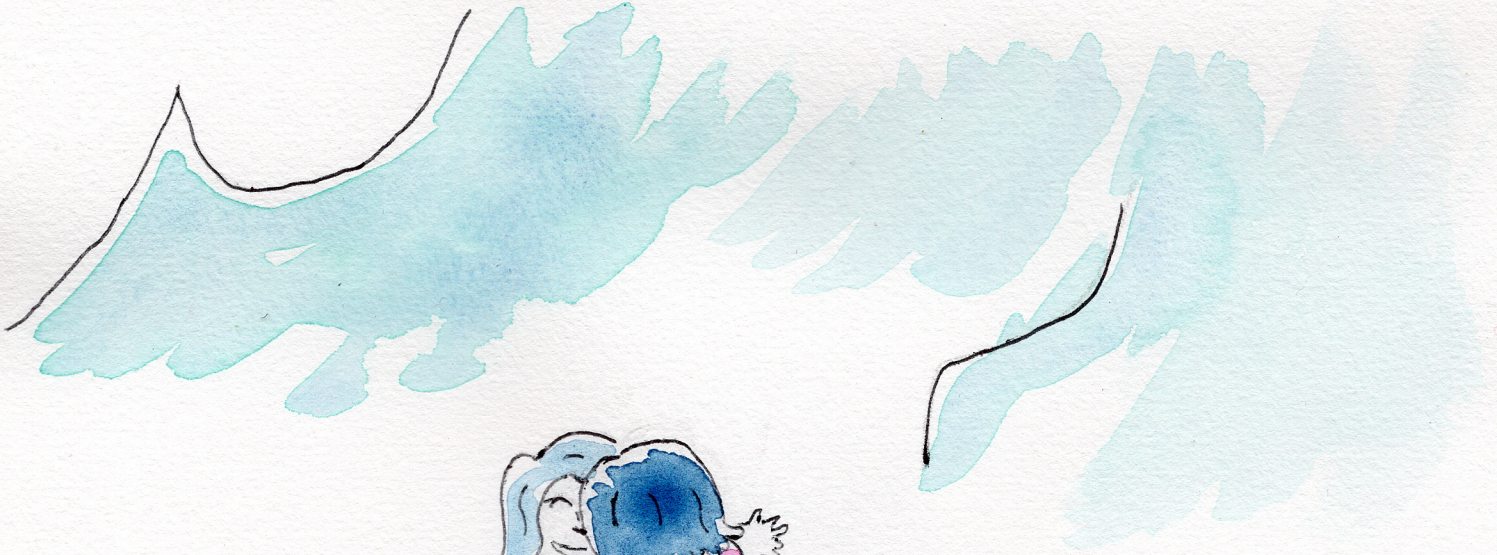

Sensus, tempus perdis,vento si tu certas:
solum tu flectes et debebis terram odire.

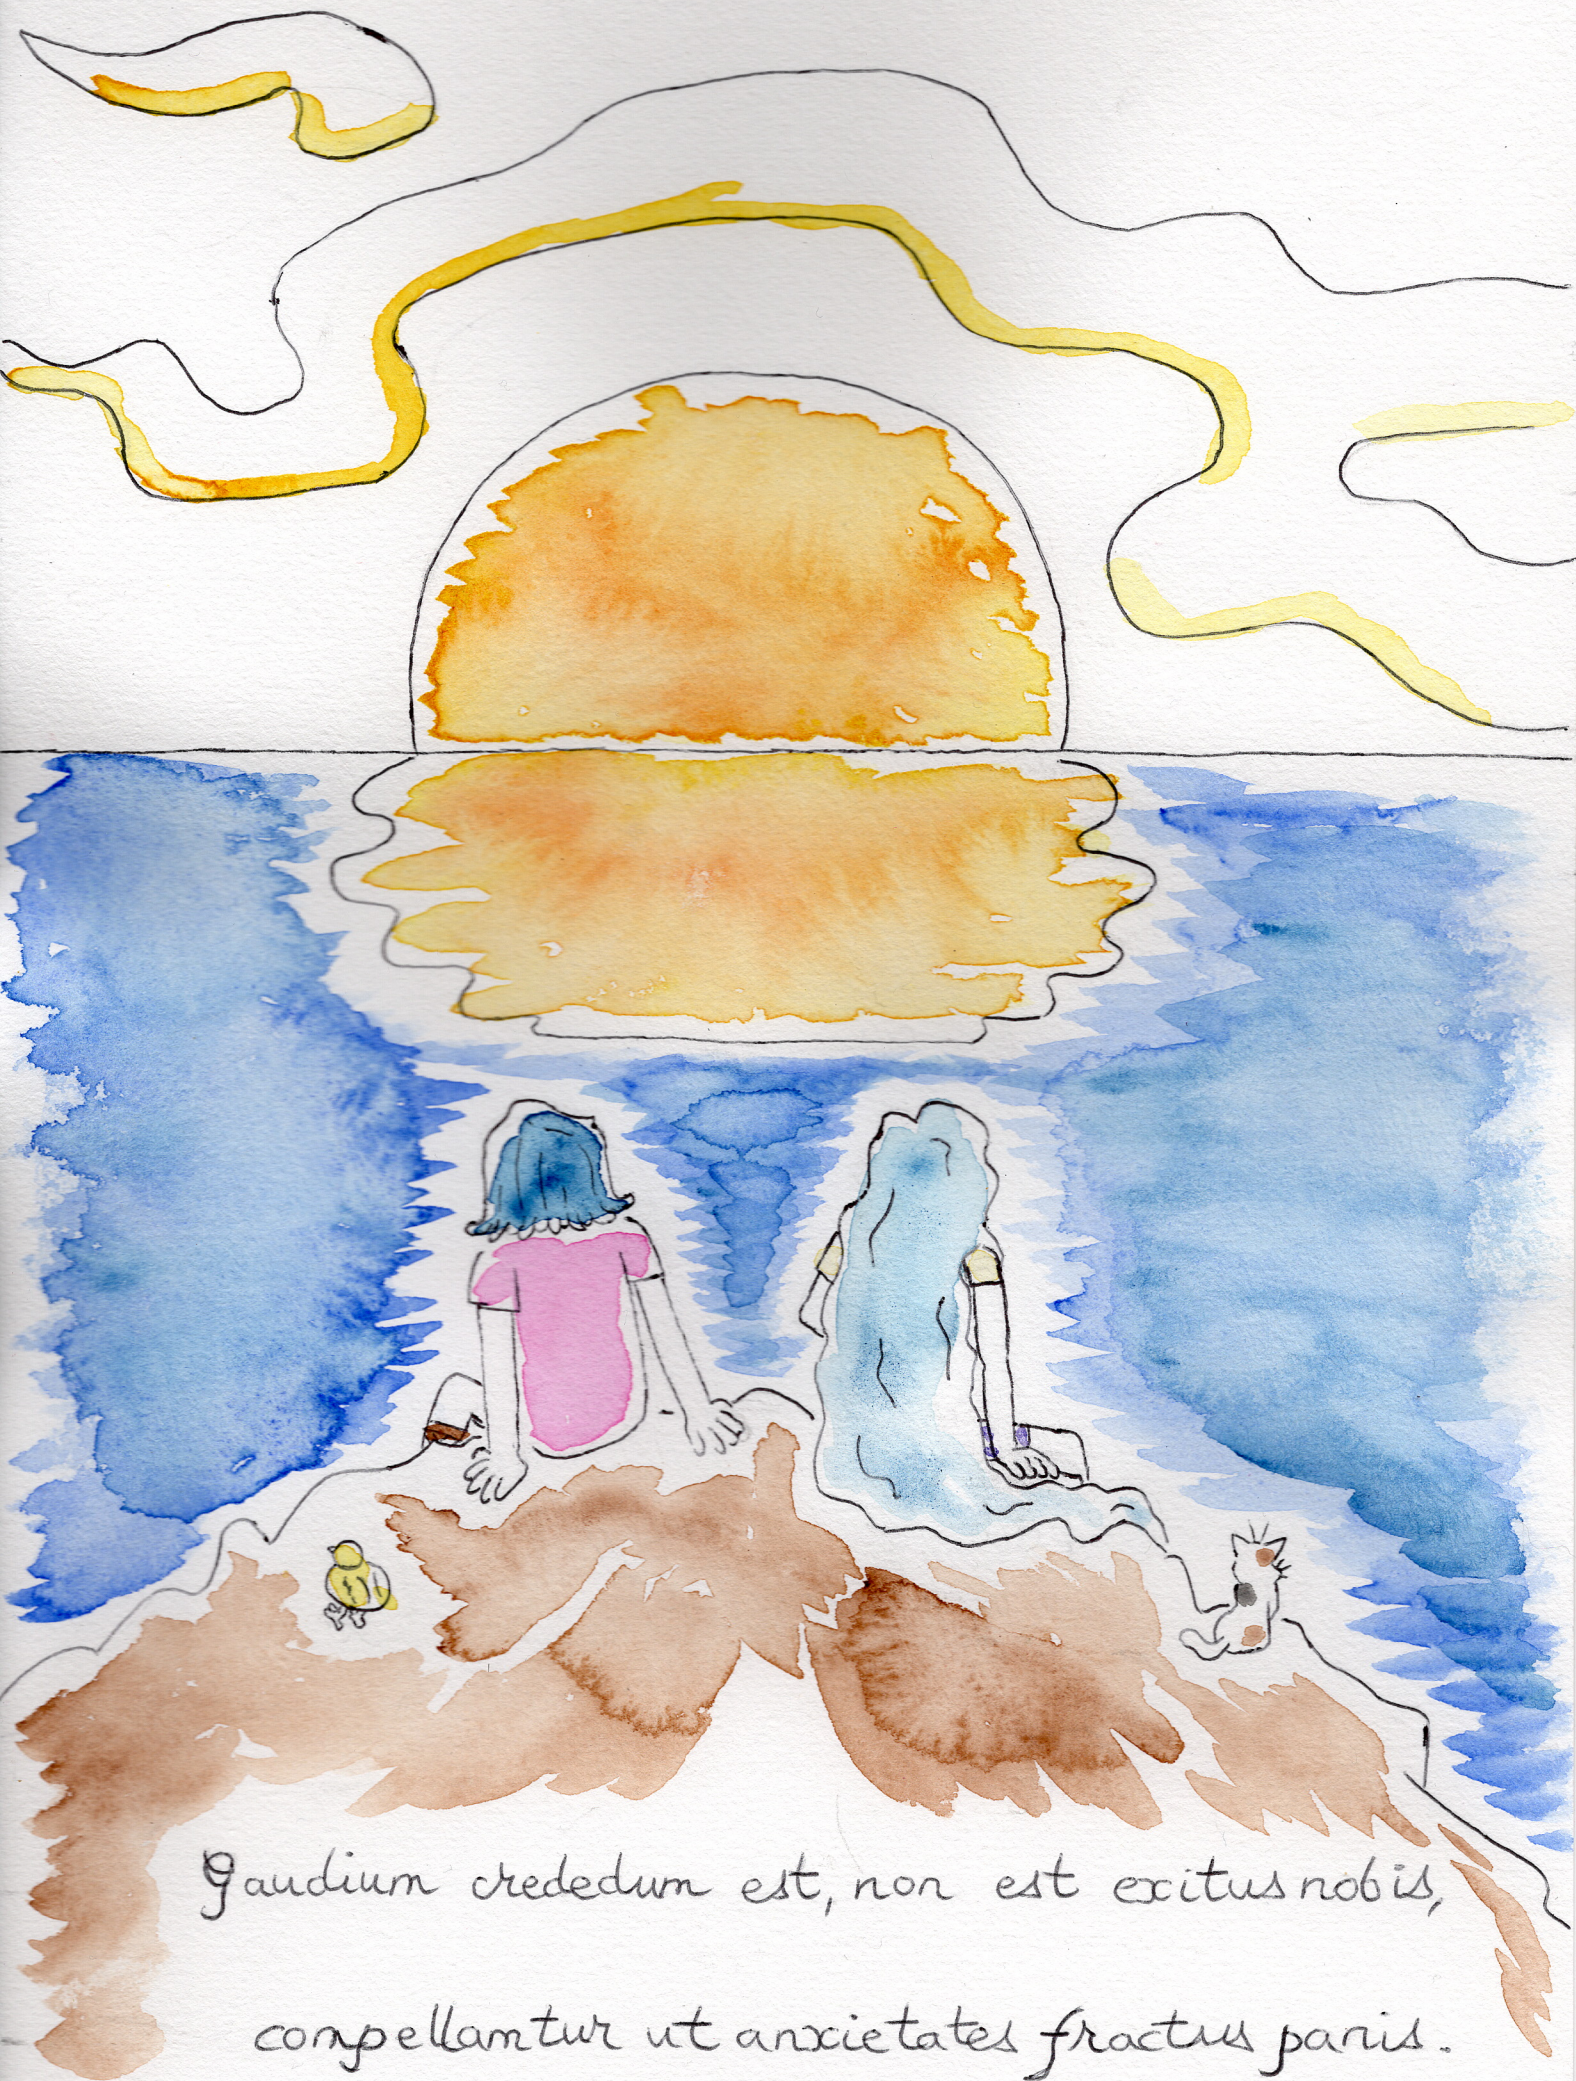

Omnia hic scit deus, videt cuncta, est callidus ille!

Non quae mirari oportet habeat secreta.

Gaudium credendum est, non est exitus nobis,
compellamur ut anxietates fractus paris.
